

CEG Tech Forum

An ISO 9001:2015 certified organisation

College of Engineering Guindy
Anna University, Chennai

Chairman

Dr. L. Suganthi
Dean, CEG

Chief Coordinator

Dr. S. Swamynathan
Professor, IST

Treasurer

Dr. P. Balachander
Associate Professor, Mechanical

Industry Relations Coordinator

Dr. K. Shanmuga Sundaram
Professor & Director, CUIC

Operations Coordinator

Dr. J. Sandeep,
Assistant Professor,
Printing Technology

Events and Workshop Coordinator

Dr. T. Raghuveera
Associate Professor, CSE

Projects Coordinator

Dr. K. Vani
Professor, IST

Dr. K. Rathnakannan
Professor, EEE

Marketing Coordinator

Dr. P. R. Sujatha Priyadarshini
Assistant Professor, English

XCEED & Karnival Coordinator

Ms. M. S. Karthika Devi
Assistant Professor, CSE

Media Coordinator

Dr. C. Velayutham
Assistant Professor, Media Science

Creativity & Initiatives Coordinator

Dr. C. Sharmeela
Associate Professor, EEE

Guest Lectures Coordinator

Mr. K. Vipinendran
Associate Professor, Printing and
Packaging

Letter Of Appreciation

This letter is to acknowledge the contribution of **MOHAMMAD IDHRIS A**, a **THIRD** year student of **ELECTRONICS AND COMMUNICATION ENGINEERING DEPARTMENT** at College of Engineering Guindy, Anna University towards Kurukshetra'24 as a part of the Projects team.

The projects team is run by the **CEG Tech Forum (CTF)** the **official technical forum** of CEG, Anna University. CTF is an **ISO certified** independent and completely student run organization. Every year CTF organizes **Kurukshetra**, an **International Techno-Management Fest** in College of Engineering Guindy, Anna University. The event has the patronage of **UNESCO** owing to its value in enhancing the technological edge among student community and exceptional quality.

SolenixIC: Power pulse This project was done by the following group of students: **Haresh G, Deenathayalan M, Sathavu Janarthan M, Lingesh Kumar, Vikashini T, Santosh M, Sakthi Bala P, Mohammad Idhris A, Maheshwaran K, Yogeswaran B, Pratheesh, Padma Prabha, Narashimman C, Vignesh A, Sudhakar, Jaisurya S**

MOHAMMAD IDHRIS A has contributed to the field of the **ELECTRONICS** domain. He has worked significantly in **Designing and implementation of the Polarity reversal circuit for the Solenoid Coils using Solid State Relays controlled by ARDUINO UNO microcontroller used in the Hybrid Engine**. His efforts culminated in the successful completion of the project, which was reviewed by the top faculty from our institution.

I, as a staff coordinator for the CEG Tech Forum, the organization which conducts Kurukshetra, appreciate and acknowledge the vital contributions made by **MOHAMMAD IDHRIS A** in transforming the event into a grand success.

29/12/24

Dr. K. Vani

(Projects Staff Co-Ordinator)
